Congratulations

Distinguished Professor Emeritus Jacob Ziv

has been awarded

The 2021 IEEE Medal of Honor

The IEEE Medal of Honor, awarded annually since 1917, is the highest IEEE award.

"For fundamental contributions to information theory and data compression technology, and for distinguished research leadership."

Congratulations

Distinguished Prof. Dr. Shlomo Shamai (Shitz)

has a new book

"Information Theory for Data Communications and Processing"

Shlomo Shamai (Shitz), Abdellatif Zaidi

This Special Issue focuses on fundamental information-theoretic aspects of remote processing in networks. We welcome unpublished contributions related to distributed data processing techniques distributively in networks.

Published: 3 Nov 2020
Leonhard Euler

(15 April 1707 – 18 September 1783) Swiss mathematician and physicist

He made important discoveries in fields as diverse as infinitesimal calculus and graph theory. He also introduced much of the modern mathematical terminology and notation, particularly for mathematical analysis, He is also renowned for his work in mechanics, fluid dynamics, optics, and astronomy.
